

NAVIGATIONAL COACHING

Strategic coaching skills for corporate leaders

Why Companies Need Navigational Coaching

If one or more of the following concerns resonate with you, Navigational Coaching provided by FocalPoint Coaching is something you should explore.

- ✓ They are concerned about productivity
- ✓ Some work groups don't get along as well as they should
- ✓ Some groups and individuals seem not to buy-in to the strategy
- ✓ They are receiving complaints about the management styles of certain managers
- ✓ Their employees do not seem to be as "engaged" as they should be
- ✓ They are missing their goals
- ✓ Employee morale seems to be low
- ✓ They have problems retaining good employees
- ✓ They have recently gone through change in the organization
- ✓ They anticipate that organizational change is about to occur
- ✓ They are concerned about the effectiveness of their managers
- ✓ They are concerned about the continuing development of the management team
- ✓ They would like to develop their managers into leaders
- ✓ They would like to identify and develop their best and brightest employees
- ✓ They want to effect lasting improvement, not just the "program du jour"
